

Nick Conty, PharmD

CLINICAL ADVISOR

nconty@employershealthco.com | 614-763-0024

As a clinical advisor, Nick works with the clinical team to assist in providing plan recommendations regarding new drugs and trends in the market. In this position, he utilizes knowledge from previous managed care experiences to assess opportunities for reducing health care costs while ensuring quality patient care. He also administers flu shots as part of the Employers Health Flu Immunization Program.

Before joining Employers Health, Nick worked as a pharmacy intern in a hospital and at a telehealth medication therapy management center. He completed his Doctor of Pharmacy and undergraduate degree at The Ohio State University. During his time at Ohio State, he was a member of the Academy of Managed Care Pharmacy chapter and Buckeyes Without Borders.
