Employers Health™

Jay Chaddock

PROJECT MANAGER, BUSINESS ANALYTICS AND IT

jchaddock@employershealthco.com | 234-395-0151

Jay is the project manager for business analytics and IT at Employers Health. In this role, he supports the business intelligence team with pass-through payments and client pricing. Additionally, he provides IT and cybersecurity support for the organization.

Jay received his Bachelor of Science degree in business administration with a specialization in marketing from The Ohio State University. Prior to joining Employers Health, Jay gained professional experience working in data analytics, marketing and sales. Additionally, he holds professional certifications in data analytics, cybersecurity, and IT. Outside of work, Jay enjoys listening and playing music, traveling and hiking.
