

Haeun Kim, PharmD, MBA

CLINICAL ADVISOR

hkim@employershealthco.com | 614-473-0841

As a clinical advisor, Ha Eun works closely with the vice president of clinical solutions and the Employers Health clinical team. In this role, she contributes to custom clinical and utilization management strategy development. She assists in enhancing plan design recommendations, evaluating emerging therapies and analyzing drug pipeline developments and utilization trends to support plan sponsors.

Previously, she gained broad pharmacy experience as an intern pharmacist across independent, hospital and specialty pharmacies. Ha Eun received her undergraduate degree in biology from Southern Adventist University. She went on to obtain her Doctor of Pharmacy from Loma Linda University and her Master of Business Administration from Eastern University.
