

Catherine Berger, PharmD

CLINICAL ADVISOR

cberger@employershealthco.com | 614-763-0004

As a clinical advisor, Catherine works with the Employers Health clinical team to enhance plan design recommendations, provide information on new-to-market drugs and summarize overall marketplace trends. With a strong interest in training and teaching, Catherine helps to coordinate the training of Employers Health pharmacy residents as well as organizing the outreach to and teaching of pharmacy students interested in managed care careers. Additionally, Catherine administers flu shots as part of the Employers Health Flu Immunization Program.

Catherine's prior experience includes working as an inpatient intern at an academic medical center. She completed her Doctor of Pharmacy and undergraduate degree in pharmaceutical sciences at The Ohio State University.
